

Aryaman Vikram Birla Institute of Learning

8th May, 2020

Dear Parents/ Guardians,

Hope you are all safe and fine!

It's been an extended lockdown, our focus has been your family's safety, health and well being . Let us make building strong family relationships a priority. This is a good time to focus on play time, skill time and family time. We will surely overcome, perhaps the biggest crisis of our generation, together. Our school is strongly mobilized to guarantee the continuity of our educational mission. We are regularly communicating with your children regarding the changing dynamics. You, as parents/ guardians have been the pillar behind our endeavour to reach out to our students. In view of the situation we are doing everything possible to adapt and validate their academic and non-academic pursuits.

Embrace and enjoy family time, and stay healthy.

We thank you for your cooperation.

Yours truly,

Principal

Aryaman Vikram Birla Institute Of Learning
